WARM ROOF
DIVISION

Replacement tiled roofs that will transform your conservatory into a functional and stunning space
- a space meant for living in!

Transform your conservatory with the Warm Roof Division into an all year round living space. Our tiled roof systems undergo thorough testing and are subject to extensive research – producing a compliant, resilient product which is compatible with all roof styles. Its insulation values exceed current building regulations and boast a 0.14 U-value.

Custom tiles are tailored to your existing conservatory frame and provide you with a welcoming living space free from wind and rain noise, leaks and extreme temperature fluctuations.

So pleased with the new conservatory roof. Warm Roof Division did an amazing job. It was done when promised - all the men were extremely hardworking and friendly and they even did a proper clean when finished.
I would have no hesitation in recommending them as I was recommended to them.

An excellent project, well built by a team of skilled professionals. The whole process was well organised and we were kept well informed about what was being done. Thanks to you all, I would recommend you without hesitation. The finished roof kept us cool during the summer and warm during this cold spell. An excellent investment.

Had our conservatory roof a year now and we couldn't be happier with it. Shaun and the team are excellent and I highly recommend this company if you want your roof done. They kept every promise they made and take such pride in their work, which is very rare these days.
